broadcasted on DVAuction

One hour after the sale, the

1st Annual Clear Choice Spotlight Show

SALE LOCATION

ClearWater Simmentals Sale Facility

5512E St Rd 350 Milan, IN 47031

*Sale facility is handicap accessible and concrete
parking lot.*

SALE TERMS & CONDITIONS

All animals will be sold in accordance with the suggested guidelines of the American Simmental Association. For updated EPDs, genetic status, plus the current ASA guidelines and conditions go to www.simmental.org. Announcements made sale day and from the auction block take precedence over printed material associated with this sale. Anyone attending this sale attends at his or her own risk. ClearWater Simmentals, DP Sales Management, LLC, or guest consignors will not be responsible for any personal injury while attending this sale.

SALE REGISTRATION & PAYMENT

All buyer numbers will only be issued with a valid ID and payment is due day of sale. DP Sales Management would appreciate timely settlement of receivables within 15 days of date of sale. Cattle will not be transferred until paid in full. DP Sales accepts Visa and Mastercard.

Welcome!

It is indeed an honor and a privilege to welcome friends, customers, and cattle breeders to Milan, Indiana and the Clear Water Simmentals sale facility. Sometimes it seems just like yesterday that we were making plans for this facility, and now here we are in 2024 hosting a junior show along with the Customer Sale. We are extremely blessed with the people around us that help tirelessly to get everything done, and the Clear Choice group members: Beshears, Lucky Penny, and Neal Brothers for their support, hard work, and dedication.

Like we say each year, the customer sale is fun for us, but even more so this year. We always love welcoming our friends and customers to the facility to market their cattle. Even more so this year we are excited to welcome junior customers back to the Spotlight Show that will happen one hour after the conclusion of the sale. As a reminder, any female that qualifies to be shown sold in the Customer Sale will be eligible to show just an hour later.

We hope that you will support the friends and customers of the Clear Choice Customer Sale. This is one of the best offerings we have had since the sales inception. If we can be of assistance, please do not hesitate to contact us, but I encourage you to reach out to the consignors and talk to them about their cattle. We look forward to seeing you in Milan!

Jeff & Leah Meinders

LLSF Vantage Point F398
Yearling Photo

LLSF Vantage Point F398
Two-Year-Old Photo

Vantage Point continues to produce outstanding progeny whether bulls or females. He himself has run the pasture here at Woodlawn Farms. We purchased Vantage with the assistance of Doug Parke out of the Denver sale from Jerry Lee and it's the best thing we have done in history of our program, which was many years ago. We in north Georgia calve in the fall so the first year we just sold the spring breeding right to Clearwater Simmentals. After that we have sold each year the spring rights. The demand of Vantage Point as running in the pastures was great because of his structural, foot size and soundness which continued in the different operations. Vantage Point ended up at top and high respected programs of Clearwater, Lee Simmentals, Shoal Creek and Hadden Simmentals. All this time, semen was being marketed and still today by Cattle Vision. The best son is Clear Advantage which was bred by Clearwater and on first site by Bobby Beshears he purchased half interest. With all demand of both bulls Clear Advantage was sold in the Clear Choice bull sale for 25,000 to Jesse Ranges and Drebes Simmental. A red daughter sold in the Hilbrands sale for half interest for 30,000. Vantage Point has a superb track record on all progeny and most important his daughters are attractive with a good look and presence plus functional with the right teat size and udder quality. Vantage Point looks great and looks like a champion. Woodlawn is selling Vantage Point in his entirety and sells with 100 units of semen. If you have questions contact anyone that has seen him or has progeny on the ground or in production. I will happy to answer any questions, Rick Wood or contact Drew or Doug. This is a great opportunity.

9.8	1.8	80.1	111.3	4.2	15.1	55.1	-0.03	0.98	115.0

When we made the decision to bring heifers to the Customer appreciation sale we knew we wanted to bring some elite females. 307L combines two of the best cows we have ever been a part of WHF DELILAH 45D and WHF SUMMER 365C. These 2 cows have generated many dollars and even more important many daughters and sons that are producing great. 307L is a fancy black baldy that has a bright future. Tie into one of the hottest pedigrees the Simmental breed has to offer.

The combination of Bet on Red and Angels Envy has been great for us at WHF. This stunning red baldy is a prime example of what this mating has to offer. Elegant made, big bodied and flexible in her structure. A full sister has already been crowned Kentucky champion Simmental at the 2024 Kentucky Beef Expo for Ashlyn Popp. There are 3 full sisters to this heifer in our replacement pen. We look forward to breeding on these and putting them into production. This one could make a nice heifer to show for this summer and a really impressive big bred next summer.

A result of a bred cow purchase from Swain Select Simmentals from the Belles of the Bluegrass last spring, Dorothy is one that we are proud to offer. When I saw that Fred was letting an 015X daughter go in last years Belles sale, I knew we needed to take a long, hard look at her. 015X is an impressive halfblood beast, one that caught my eye as soon as I got to Fred's place a couple years ago. Luckily, we were able to get her bought and she laid down and had this beauty of a Schooley Standout heifer. Dorothy L021 is one that I think will be a really interesting breeding piece in anyones operation. If you like them sound, functional, and puppy dog tame then L021 is the one for you.

13.0	1.5	74.2	105.3	6.9	19.4	56.3	0.19	0.94	128.1

Our herd is increasingly built on cow families, and this genetically potent breeding piece combines the likes of the great "Alley 247Y" and "Misti M706M" cows. The daughters left behind by the Misti cow are some of today's leading donors in North America. S22L is practical in her build with good feet and legs, a square hip, and a great look on the profile. This one has potential on the tanbark, but her greatest value will assuredly be as she enters production.

AI'd to Rocking P Private Stock on 4/3/24.

If you have spent very much time around the Clear Water program you probably know about the CLRWTR Beauty cow owned by Vehslage Simmentals. We were always big fans of Beauty through her show career and jumped on the opportunity to purchase embryos as soon as they were offered! We were definitely not disappointed with this Right Time heifer. She has that same body mass and broody look that helped her mother earn so many friends. "Belle" as we call her has been lightly shown. We feel she will be a fantastic asset for her new owners. Seller retains the right to one successful flush at buyer's convenience and seller's expense

Every year since we started consigning at the Clear Choice Customer Sale we have brought a red daughter of "Wendy" W/C Miss Werning 8002F, and we felt this year should be no different! This year we decided to bring a fancy ET calf pair. This February SAM daughter has been exciting since the moment she hit the ground. She has all the flair and style that everyone is looking for in a show heifer. Get her home and then bring her back here next year for the 2025 Clear Choice Spotlight Show! Her recip mother is registered, just three years old, does a great job and is very good tempered. She raised an ET calf for us last year as well!

Zoey is another heifer that should not be leaving our herd, but we wanted to bring an outstanding ZW87 daughter to the sale. Zoey has always had so much potential with her mass and spring to her rib and we think she will do great things for her next owner. ZW87 has been our lead donor for the past several years and has made a huge impact on our program. Zoey is a full sister to the red AI sire Fort Hayes and is hetero black. She is halter broke and was lightly shown and she is great natured. Her baldie bull calf is by WHF Point Proven - a sire that has been making a splash across the breed! Both Zoey and her calf are homozygous polled.

Lot 17A: Bull Calf born 2/23/24 • ASA# 4337111 • Tattoo: M86
Adj. BW 66 lbs. • Sired by IR Imperial D948

Kyra has been an outstanding first time mom and is doing a great job raising her bull calf. She has a perfect udder, pretty front end and everyone knows we like the red ones! This is another heifer by the Malachite herd bull that we are really pleased with. Her Imperial bull calf is a true heifer bull prospect. Only 60 pounds at birth and his CE and BW EPDs are in the top 2% of the breed. His Yield Grade, Marbling, Ribeye and API are all in the top 10% of the breed with a 162 API!

Lot 18A: Heifer Calf born 2/26/24 • ASA# 4337104 • Tattoo: M046
Adj. BW 66 lbs. • Sired by CLRWTR Clear Advantage H4G

Daphne is an all around nice heifer doing a great job raising her first calf. We have been very happy with our heifers by our Malachite herd bull - who himself is backed by both Red Jewel and Onyx! Big bellied, sound, good uddered and good natured - Daphne is a solid investment, especially when you look at the Clear Advantage heifer calf at her side. While having an actual birth weight of only 60 pounds, this heifer calf has growth numbers in the top 25% of the breed. And then look over at her marbling EPD in the top 20% of the breed. This calf will pay for her mother. Daphne and Delanie are both homozygous polled.

AI'd to KL&L Lone Ranger K07 (ASA# 4048004). Due by sale time.

Here is an eye catching homozygous polled, red baldie female that will have her second calf by sale time. Going back to Remington Lock n Load 54U and Hook's Yukon, this female ranks in the top 10% for BW and the top 30% for CE. She had an impressive solid red full brother that sold in Eichackers' 2023 bull sale. She will calve by sale time to KL&L Lone Ranger, who is a Follow Me x WRS Contessa halfblood sire in our program.

Adj. BW 79 lbs. • Sired by LMSF Jebediah J21 (ASA# 4089063)

F28 is yet another fine female from Ferguson Cattle Company that we purchased a few years ago. If you are familiar with the Sazerac cow family, they just flat out get the job done. F28 is very deep bodied, excellent fronted and correct and fluid in her movement. She continues to produce consistency each year with this year being no different. She has a very nice black heifer at her side sired by LMSF Jebediah J21. They are definitely a pair you will want to check out on sale day.

Adj. BW 79 lbs. • Sired by Rocking P Private Stock H010
Al'd to Rocking P Private Stock (ASA# 3775641) on 3/29/24.

Fate is a beast of a cow and shows a lot of the reason that we really like the Grand Fortune daughters - great uddered, fantastic mothers that are pretty fronted and nice to look at. We would not be letting go of Fate if we were not downsizing our herd a bit. We have a lovely daughter of hers that we are keeping in the herd. Her Private Stock bull calf at side looks to be a very nice herd sire and heifer bull prospect with a CE of 16, negative birth weight and 139 API.

PE to Everharts Foxtroy 86G (ASA# 4232520) from 7/4/23 to 10/1/23.

A pedigree that needs no introduction. We decided to let go a great genetic piece that we haven't been utilizing to her fullest potential. Here is a female that had a tremendous amount of style and look as a yearling that made her mark in the replacement pen and continued to do so as a cow. To no fault of her own she was serviced late by our senior herd sire Everharts Foxtrot, which is by our Everhart Foxy donor who has damed daughters that have won divisions and shows at multiple state fairs, Dixie National, Denver, Eastern Regionals, Houston and just recently having a daughter announced as 3rd high points Simmental female of the year. Don't let her late calving date turn you away. Study this one. Palpated due end of May

AI'd to TJSC HammerTime 35D on 11/23/23. Several years ago we selected this female's granddam when we were looking for a quality show heifer with donor potential. Her progeny continues to impress regardless of the mating. A female that has the look, the pedigree, and is safe in calf for early September to the well known TJSC Hammer Time 35D. Queen B has followed in the massive footsteps of her mother, Royal B, and her grandmother, Big B (Bramlets Beautiful Y100). Queen is a massive boned, dimensional, broody type of female that is sure to bring the power into your herd! She balances that power with a long, level design that moves about the pasture with ease and grace. This is a heifer that can go in many directions and one that you sure will not want to miss.

13.1	1.0	69.6	104.9	6.0	22.5	57.2	0.03	0.85	121.7

AI'd to LCDR Anthem 33K on 12/10/23 and then PE to WHF Exclusive K366 from 1/4/24 to 3/18/24. Vet called safe to AI date.

The SAM daughters have been easy to like and here is one that gets a lot of compliments when people come to the farm. This is a very solid and sound heifer that also boasts great hair! Due up in September to the big numbered baldie stud LCDR Anthem. The calf is projected to have a very solid EPD profile with 11 traits in the top 35% of the breed and a 155 API. K414 is backed by the Miss Awe cow family and is out of a maternal sister to TNGL A Gemstone A527.

AI'd to SVF Electrified (ASA# 4204746) on 1/22/24.

Jeff & Leah Meinders came down to Auburn to purchase SVF Sheza Star N902, and that was the beginning of a great friendship with our families. N902 produced a lot of great offspring for the Clear Water program and the lineage is still working today. A proven pedigree that is a part of the program here in Milan.

AI'd to LCDR Anthem 33K (ASA# 4113686) on 11/24/23. Confirmed safe in calf, due 9/1/24. While she boasts a pedigree that exudes maternal excellence in tandem with performance, S49K took up residence in the show barn last year. She is built well at the surface, deep sided, big hipped, and possesses plenty of extension. She traces to the HPF Temptation Y348 donor who worked for Hudson Pines, prior to making a trip to Sloup Simmentals, in addition to the 028X cow who has made a name for herself in the Kaehler program. Whether she goes directly to the pasture, or you put a halter back on for her senior yearling campaign, she is bound to create a return when she calves this fall to LCDR Anthem 33K, who is quickly becoming one of the most popular sons of the great C4 donor.

AI'd to SWC Red Wave 376J (ASA# 3937607) on 12/26/23, safe in calf, due 10/4/24.

Regardless of whether or not you've boarded the red train, 309J is a young cow entering the prime of her life, and deserves a look for her pedigree alone. Sired by "Profit" and a direct daughter of the legendary "Alley 247Y" donor, this cow is great at the surface with plenty of flexibility, and you'll certainly appreciate her added extension. A daughter of this female highlighted our Ohio Beef Expo offering, and better yet, she's bred back the same way to the \$85,000 SWC Red Wave 376J.

Al'd to GCC New California 131J (ASA# 3977997) on 11/15/23. Confirmed safe. The S05E female is a big footed, stout structured one who offers advantageous phenotypical characteristics throughout. She's bold in her rib cage, deep sided, and from behind presents a big dimensional hip. With the "Right to Love" cow family on the top side and the "Perfection" cow family on the bottom side of her pedigree, we believe that this one will have the longevity and genetic uniqueness to be a profitable breeding piece for years to come. We have aspirated this female one time resulting in 11 embryos. Consider putting her back in the donor pen after she calves early this fall to the popular Griswold sire, New California!

Selling 3 conventional embryos, guaranteeing one pregnancy if implanted by a certified embryologist. Embryos stored at TransOva, Iowa.
Over the past several years, the Beauty Queen cow family has been on a quest of making exceptional Simmental cattle especially heifers. A daughter, CLRS Dairy Queen 606D; which is a full sib to these embryos has been producing outstanding show heifers for JS Simmentals in Iowa. Last year they sold that daughter of Beauty Queen as an 8 year old cow for \$74,000. They have sold many high selling females in their production sale that have went on to collect banners for junior members and Simmental breeders. There is no doubt that these genetics produce long-standing Simmental genetics that will valuable assets to any operation. These embryos will have EPDS that rank in the top 25% for CE and BW as well as the top 25% for CW.

Selling 4 IVF sexed female, grade 1 embryos, guaranteeing one pregnancy per set of 4 embryos when work is done by a certified embryologist, and implanted within one year of sale date. Embryos are stored at Bluestem Embryo in Carlton, Kansas.
Natalie is a direct daughter of W/C Loaded Up and KS Miss Sequoia. Previously a donor for Hicks Cattle Company and H2O, she came to us in her prime and we are excited to offer some fresh new matings on her. SWC Red Wave 376j is the \$85,000 son of Conley High Rise F3. Red Wave semen is in high demand with no semen available on the open market. If you are wanting to make those PUREBRED red baldy show heifers out of elite genetics, don't miss out on these. Natalie stands tall and proud with a sweeping rib, and this mating to Red Wave will create your next generation of elite females for your herd. We sell Natalie embryos faster than we can make them, don't sleep on this mating.

Selling 4 IVF reverse sorted female embryos, guaranteeing one pregnancy if implanted by a certified embryologist.

There is no time like the present to tie into one of the nation's leading cow families. You may recognize the pedigree because C043 is a full sister to the legendary "Serena", but make no mistake, C043 is now blazing a trail of her own. She stands on big feet and legs, is robust about her center body, and is extended through her front third. An elite daughter of C043 demanded \$48,000 as a calf through Tim Schaeffer's "Egg Hunt" sale, and went on to be a Division Champion at the 2022 American Royal and in the Top 10 Overall Purebred Heifers at the 2023 AJSA National Classic in Des Moines! Select the mating by Berwick, or the fresh new mating to Pandemic. These genetics continue to be in demand, and you have the chance to be at the front of the line.
