# WELCOME

The Stars & Stripes Sale has been a tradition in the Northeast for many years, and continues to be the place to purchase high quality Simmental genetics. This group of consignors have been long-time breeders, and in recent years have added a few new faces to the line up who share the vision of raising cattle backed by elite genetics.

As you look through the sale catalog and study the lots, know that cattle from the Stars & Stripes Sale have been sold all across the United States, and have had great success with the genetics they have purchased. When you take these cattle home; to wherever that might be, these cattle are ready to go on to the show ring or pasture. These consignors are proud of the cattle they breed, and would love to talk with you about the offering.

I would encourage you, if your time allows, come up, visit this beautiful area, and take in the sale. It really is a great experience and this group of consignors are welcoming and provide wonderful hospitality. If you need assistance, please contact myself or Drew, or utilize DVAuction for your online bidding needs. As always, we appreciate your interest in an exceptional set of Simmental genetics.

## Pick of 2022 Spring born Lazy H Shez Too Cool W58 calves

they have averaged over \$14,000. Too Cool's offspring demand top dollar for a reason. They are not just a pretty face to look at, they go out and produce for their new owners. You will have the opportunity to select from the Too Cool calves born this spring out of the following sires: JSUL Something About Mary (who is now deceased and semen is in very high demand), DMCC Counter Attack, W/C Bankroll 811D and GEF County O. Selection to be made by September 1st, 2022. Please feel free to contact myself or any of the sales management team with questions you may have regarding this once in a lifetime opportunity to select from the Too Cool calves. **consignor:** Stewart's Simmental Cattle

- I believe a book could be written on the impact of Lazy H Shez Too Cool W58 and her offspring. She produced the Highest selling female of all times, SSC Victoria's Secret 49B for \$37,000, and Highest selling bull of all times, SSC Shell Shocked 44B for \$17,250 here at the Stars and Stripes sale. Victoria's Secret nearly paid for herself in her first year of production for Mast Simmentals. Shell Shocked has paid for himself time and time again for his new owner's (Fenton Farms and KenCo Cattle) between semen sales and the sales of offspring. One daughter bringing \$13,000 for half interest after she won the MS State fair as a calf. Then just this past fall Fenton's sold a bull calf for \$24,000 in their fall sale. Too Cool has worked with many different sires in producing progeny that generate revenue for their new owners. Over the last few years we have offered numerous offspring here at the Stars and Stripes by a variety of sires and

- Selling 3 IVF RSF Embryos Guaranteeing 1 Pregnancy
- Sires include the following: JSUL Something About Mary, SO Remedy and JBSF Berwick. All three matings could be a homerun!! With the Something About Mary semen being tough to get you may not have many chances to get embryos by this mating again. SO Remedy is one of the hottest bulls out there right now with semen over \$500 per straw on the Cattlemen's Congress Champion that has already produced champions of his own. JBSF Berwick semen is becoming harder to get and expensive when you can find it since his passing. He also produced the \$140,000 high seller at Trennepohl's sale this past fall. **consignor:** Stewart's Simmental Cattle

• Shocking Secret is a great young cow in the prime of her life. Her dam, Miss Secret was a high selling lot in the 2020 Stars and Stripes Sale purchased by Chris Beachy. This girl is very similar to her mother with maybe a touch more frame. She is doing a great job of raising a fancy February born heifer calf sired by the Griswold stud County O. This splashy heifer calf is the stoutest calf of the crop and would make some junior a perfect show prospect this fall.

• Strawberry Wine is a powerful red baldy female that stems from one of the most elite matings ever to be sold through the Stars and Stripes sale. She is a full sib to numerous high sellers through this sale including Victoria's Secret, Miss Secret, Shell Shocked, and a maternal sib to Miss Cool Butt. Her dam, Shez Too Cool, is still going strong at 12 years old and just produced 15 number 1 eggs a few weeks ago. Strawberry Wine on her own right stands on a big foot and is massive in her design. She is due to calve around the first of may and will be ready to flush in June. Red baldys are hot right now so take advantage of the opportunity to flush Strawberry to the bull of your choice and propel your program to the next level. Selling the right to 1 successful flush with a minimum of 6 transferable eggs with an open top. Buyer is responsible for all flushing and semen cost and flushing will be done at Trans Ova Maryland.

• A first calf heifer with loads of future ahead of her, is how we like to describe Honey Bee. She is a blazed face female with docility, production, and confirmation as her top performing attributes. She goes back to Mountain View Simmental's "MVS Emma", a genetic line with proven EPD's. If you know anything about Tom Vossler, you know his specialty is EPD's and genotype. This is where this cow exceeds, due to her strong pedigree that goes deep for generations. Honey Bee is above average in API, Docility, CE, and MILK and can only go up from here in her future. She has a blazed faced bull calf sired by Mr. Right Now at her side. Open and ready for the bull of your choice for next Spring calving. Hillcrest Farm is BQA Certified and BVD test Negative.

Sire: WHF/JS/CS Double Up G365, ASA#3658592

• Hailey 3H hails from one of the most dominant, bulletproof cow families of our herd and the entire breed for more than two decades...Sheza Dandy. Longevity is huge with this family along with quality. Hailey stems from some of the soundest structured cattle we have produced. Quality and soundness are priority #1 at CLO Simmentals. Hailey's dam has now assumed the role of lead donor for us. The structure and unique, rare pedigree combination set 3H off. From a genetic profile aspect she excels in numerous measurable categories. She is moderate in frame, superior in structure, balanced, and has a near perfect udder. She sells with bull calf (3HK) born 1/13/22 sired by Double Up, Reserve National Champion bull in 2021. 3H is OCV, BVD-PI3 negative, and from a certified and accredited herd.

Elegant, flawless and sweet are words that come to mind when thinking about this classy Lassie. She comes from the great 74T family: one that is full of accomplishments at every level. Lassie's sire is a full sib to the one and only HF Serena 74Y, owned by Trennepohl & H2O, and 74Y has made millions of dollars in progeny and embryo sales. Just recently at The One / SimMagic Sale, embryos out of 74Y commanded over \$3,000 a piece. A 74Y son, STCC Tecumseh 058J, just sold for a \$1,240,000 valuation, creating even more excitement for this family! Moving on to the dam's side, Trennepohl's stated that "Lassie 3211 is one of the most fertile and productive Angus females we have ever known". If you need more convincing of the merit of this leading lady, take a look at that prize of a heifer calf beside Momma! Sired by W/C Bankroll 1199F, also known as "Chinstrap", this little love is so sweet. She's really taking shape and is very trim fronted. Chinstrap is a full sib to Sara Sullivan's champion heifer, RJ PF Rita 8288F. Another full sib heifer brought \$52,000! No wonder Rita 5406 is the lead donor for RJ Cattle Company! Ladies and Gentlemen, if you're looking to add two donor worthy treasures to your program, we humbly ask you to consider this pair on May 7th. Seller is retaining 1 flush at the buyers convenience and sellers expense.

Oh my! A direct daughter of Serena 74Y who has been producing at an elite level for a long time. Most recently in the Right by Design Sale last fall a daughter by Berwick commanded \$160,000. A couple weeks ago in Hartman Cattle Company's bull sale a son sired by Foresight caught the eye of many prestigious breeders commanded \$620,000 for half interest. This girl is another great one and will absolutely hear more from in the future. She is flawless in person with a huge middle and a long smooth front end. And yes, she has a little bomb of a heifer calf at her side sired by Undeniable. We purchased him as a sale feature in last years Bricktown National sale. This red baldy little lady is sure to be a great return on the investment for the lucky winner when the dust settles on May 7th. Reserving the right to 1 successful flush at the sellers expense and buyers convenience.

• CLAC Bailey was a gift to my wife and when I told her that I wanted to bring her to this sale, well let's just say I was in the DOGHOUSE! This pair is a hard one to let go. Bailey is in my mind the ideal female. She is moderate framed, easy fleshing and has a great running gear. Year after year she has had calves that stand out and she breeds back AI every time. The golden ticket on this pair is her baldy heifer calf by JSUL Something about Mary( SAM). The SAM calves are storming the country and with semen prices rising on SAM get in on this pair while you can. Seller reserves the right to one successful flush on CLAC Bailey 667E.

• When I bought STF Deception from Doug Smith, I told my dad that her first ET calf would pay for the cow. So, I stuck to my guns and am offering our first ET daughter of the great Deception. I was always a huge fan of the Silver Towne program and when I had the chance to buy Deception I didn't hesitate. I couldn't be more excited for her first calf crop here at ERV and if you take one look at ERV Deception K202 I think you will see why. K202 is a beautiful red baldy by the great County O bull. Selling along with K202 is a registered recip ERV Jeanette. Jeanette has been a great cow for us.

• This elegant, dark red lady was never supposed to leave the farm. However, we are committed to offering our best, and we truly feel that Scarlet Darlin' will soar to her full potential in the donor pen of a prestigious herd. She traces back to some of the greatest cattle in the breed: Built Right, Dream On, Macho and Ebony Antoinette. Scarlet's sire, Tradecraft (owned by fellow Stars & Stripes consignor, Stewart's Simmentals) is a sibling to HPF Quantum Leap, HPF Right To Love Z338, HPF Lotsa Love B422, THSF Lover Boy B33, HPF/HILL Uprising C104 "Saban" (the sire of SO Remedy), DF Miss Pep 301A, HPF/BORNE Knockout Y030, HPF Daisy Mae A008 and the famed WHF/PRS/HPF Alley 247Y. You'll also find Trademark on the dam's side, the sire of popular donors KenCo Miley Cottontail, LLSF Ura Babydoll U194 and CLCC Victoria W02 "Brightie" (owned by fellow Stars & Stripes consignor, Powell Valley Simmentals), among others. Trademark is also the sire of the legendary Remington Secret Weapon 185X, who sired the 2016 Stars & Stripes high sellers, SSC Victorias Secret 49B and SSC Shell Shocked 44B. Scarlet's dam and granddam have so much shape and mass, yet are so trim fronted and angular. They have good feet, good udders and are extremely fertile. Scarlet's granddam has earned her way to the donor pen, and her dam, Oma Darlin' is following right along behind. Reds are hot, so don't miss this exceptional, halter-broke Darlin'! OCV. Creek Bend Farm is BQA Certified. Seller is retaining 1 flush with at least 6 transferable embryos.

• Hot stuff earned her name for her individual weaning performance 793lbs. Wrap that weight on a sound structured, moderate frame and the result is a long spinned, feminine, big hipped heifer with great feet and legs. She also has an exceptional disposition. Her dam was bred in the Elm Side herd owned by fellow consignor Art Reynolds. C62's previous daughters are herd members for Creek Bend Farm of PA and Sunrise Farm of NY. Her most recent progeny was a Fall 2021 bull calf that weaned at 834lbs. The obvious question is "why do you sell progeny out of such a great producing cow?" Answer: We are committed to selling our best in the Stars & Stripes. Take a close look at her pedigree, you'll find outstanding individuals on both sides along with EPD's to match. Hot Stuff can be shown again this season in the senior division. Junior Alert! 62H sells safe in calf to Lover Boy, former Denver Champion and full brother to Quantum Leap. Due 9/29/22. Herd certified and accredited, BVD-PI negative.

• We are planning on collecting and Marketing some semen on our Relentless herd sire and as more and more of his calves grow and mature we couldn't be more on board. He transmits so much power, overall shape and mass, bone and foot size and pure quality. The balance of his offspring and eye appeal have made them easily the most consistent and predictable sire group we have had the last two years! This May born is a maternal sib to the County O high seller in last years sale and is basically a carbon copy. So attractive in her make up, the eye catching "look" and the soundness and maternal traits to be a top cow after her bright show career is over. This is one no one will miss at sale time and constantly draws attention. Study hard. look her over, and ask me about her sire!!

• After purchasing W264 at the Badger Creek dispersal we were thrilled at first sight. This female is flawless in her design and an absolute powerhouse. As a calf she commanded 21K in the Land of Lincoln sale. She is a maternal sister to the triple crown winning , Mr HOC Broker, who is still producing at a high level. The mating to the 52K Oracle is a no brainer being a full sib to the 38K Looking Sharp, who is a lead donor for Sloup and Fenton. Two full sibs have hit the ground this spring and are looking very promising at a young age. The mating to Bank On It, the 202k Wernings sale topper has us very excited combining some of the most time tested cow families in the Simmental breed. All embryos sell with the proper guarantees

• BPF Daisy Mae F01 came to us as an embryo purchase from the historic Hudson Pines Farm Breeding program. She is a Direct daughter for the HPF Daisy Mae A008 who was a successful donor for the Hudson pines farm in New York and Long ridge farm in Kentucky. BPF Daisy Mae was successfully campaigned around the northeast being named Grand Champion Heifer at the 2019 New York State Fair. She also was 4th overall female in the Coby classic Jackpot show in 2019. Her First Progeny include a Loaded Up son that has been retained to walk the pastures of BPF . Her son by Pays to Believe BPF Paid In Full J03 was campaigned successfully by Premier Farm Simmentals and was named Reserve Grand Champion Bull at the 2021 New York State Fair. BPF Paid In Full as well as a flush sister and a half sibling by Silveiras Style all sold to Ron Gilliland in California. We are offering 2 sets of embryos, 1 set by Pays to Believe, this mating are full siblings to the bred heifer in this sale. The second set are by the popular Relentless Bull making them full sibs to the E.T. heifer calf on the side Of the Cow we are selling in this sale. We guarantee 1, sixty day pregnancy if work is done by a certified embryologist.

- PVSM Queen Victoria "Tori" is phenotypically correct – thick, deep ribbed, sound with a feminine front and beautiful udder. This donor's substance and style are backed by one of the best pedigrees in the breed. Her sire, Dream On, needs no introduction since he is arguably the best cow maker of his time. And her dam "Brightie" made incredible females for Hudson Pines, most notably a \$25,000 heifer that went on to win Simmental Breeder's Sweepstakes as a heifer, and then was Grand Champion Cow/Calf Pair at the 2019 National Classic and NAILE. On top of all that, Tori is a granddaughter of the maternal legend, Queen Sazerac. Tori's calves are continuing to impress with their beauty and stoutness. The sire of these embryos – KBHR Sniper E036 – is one of the hottest red bulls in the breed right now with 7 EPDs in the Top 5% and above, including Top 1% for Calving Ease and API. Selling three embryos with a guarantee of one pregnancy if work is performed by a certified embryologist.

# ASA Sale Terms & Conditions ...

**BIDDING AND APPLICABLE LAW:** All cattle listed in this offering comply with prevailing sale terms and conditions as set forth by the laws of the state wherein the sale is conducted. There are no warranties, expressed or implied, by either the auctioneer or consignor, except as set forth herein, as to the merchantability of fitness for any particular purpose of any animal offered in this sale. The right to bid or the right to reject the final bid, if done before the hammer falls, is reserved for all sellers unless otherwise announced from the sale block or as prohibited by law in the state wherein the sale is being conducted.

**ANNOUNCEMENTS:** Any change of information other than in the catalog will be announced from the auction block and such announcements shall take precedence over printed material. All statements made from the auction block or those made by the seller (in private treaty) must be documented by seller if requested by the buyer at time of sale.

**TERMS:** Terms of sale are cash unless satisfactory credit arrangements have been made with the seller previous to the sale of any animal so affected.

**PURCHASER'S RISK:** Each animal becomes the property of and therefore is also the risk of the purchaser as soon as it is sold; except it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment or until the expiration of twenty-four (24) hours after the sale, whichever occurs first.

**HEALTH REQUIREMENTS:**

1. All cattle entered for sale must meet the health regulations of the state in which they are sold. All other agreements regarding the health of the animal will be between the buyer and seller and should be documented in writing.

2. If sale cattle are returned to the seller for an adjustment, they must meet the health requirements of the state they are returned to.

**CERTIFICATE OF REGISTRY:** Each animal which is catalogued, offered and sold as a registered animal shall have a certificate of registry available at time of sale. When an animal is sold as "eligible for registry" or "registry applied for", the seller shall be responsible for obtaining the certificate of registry and for the proper transfer of the certificate to the purchaser including full payment of transfer fees.

**IDENTIFICATION:** Each animal at time of sale must have a readable tattoo or brand corresponding to that shown on the certificate of registration.

**AUTHENTICITY OF PEDIGREE:** When an animal, through parental validation, is determined to have an ancestry other than that reported on the registration certificate, the buyer shall be entitled to a refund of the purchase price from the seller upon return of the animal to the farm of the seller at the seller's expense. The animal in question, at the buyer's option, may be exchanged for another animal of equal value, or if agreeable with the buyer, the seller may have the certificate returned to the buyer. Any adjustment provided herein, if selected, shall absolve the seller from further liability for authenticity of pedigree to the buyer.

**BREEDING GUARANTEES AND DEFINITIONS:**

1. Females are guaranteed to be breeders, with the exception of:
  - a) Female calves sold at side of dam
  - b) Injury or disease occurring to the animal after time of sale
  - c) Gross negligence or willful misconduct on the part of the purchaser
  - d) Females used in ovum transplant after time of sale
  - e) Cows sold with calf at side or a female that calves after sale to a breeding prior to the date of sale
2. Bulls are guaranteed to be breeders (definition as the ability to settle healthy cows by the time the bull is 18 months of age) with the exception of:
  - a) Bull calves sold at side of dam
  - b) Injury or disease occurring to the animal after time of sale
  - c) Gross negligence or willful misconduct on the part of the purchaser
  - d) Bulls shown competitively after sale
3. Any guarantees with respect to the ability to freeze semen shall be made by separate agreement between buyer and seller.
4. Safe in calf females are females that have been diagnosed pregnant by a competent veterinarian, and are pregnant at time of sale.
5. A bred female is a female known to have been served by a bull either by natural breeding or artificial insemination, but it does not necessarily mean that the female is safe in calf to that service.
6. A pasture bred female is a female that has been pastured with a designated bull and has been exposed for the time stated, but it does not necessarily mean that this female is safe in calf to that bull.
7. An open female is a non-pregnant animal.
8. Calves sold off their dams (split pairs) shall carry the full breeding guarantee.

**PRIVILEGE OF PURCHASER TO EXAMINE:** The purchaser of a female animal may have her examined within twenty-four (24) hours after the fall of the hammer and prior to removal from sale premises. The pregnancy status of breeding status of an female so examined, when found not to be as represented at the time of sale, is cause for the female to be returned to the seller as unsold.

**EMBRYO TRANSFER:**

1. Sellers should provide upon request a complete history of embryo transfer activity for any female offered for sale.

2. Withholding information on the existence of frozen embryos at the time of sale would be considered an unethical practice.

**HORNED-SCURRED-POLLED: DEFINITIONS:**

1. **HORNED** — An animal with a horn growth affixed to the skull that has or has not been removed.
2. **POLLED/SCURRED** — An animal with rudimentary horn growth that will not develop into a horn. The rudimentary horn growth may or may not become affixed to the skull at an older age.
3. **POLLED** — An animal with absence of horn growth. (An animal can have scurs and still be genetically polled.)
4. **SMOOTH POLLED** — A smooth-polled individual has no scurs and does not develop scurs later in life.

**GUARANTEES:**

1. If an animal is sold as polled or polled/scurred and proves to be horned, the seller shall be obligated to refund the purchase price upon return of the animal to the farm of the seller at the expense of the seller or may be exchanged for a polled animal of equal value whichever is acceptable to the buyer. The buyer has thirty (30) days from date of sale to notify the seller that an adjustment is in order.
2. If an animal is sold as smooth-polled and proves to be scurred, the seller shall be obligated to refund the price upon return of the animal to the farm of the seller at the expense of the seller or at the buyer's option shall be exchanged for a smooth-polled animal of equal value.
3. If an animal is sold as polled and develops scurs, the seller will not be obligated to make any adjustment as a scurred animal is considered polled.
4. If an animal is sold as polled and has scurs, it shall be so announced at the time of sale that the animal has scurs. If it is not announced and the buyer finds before the animal leaves the sale premises that the animal has scurs, the buyer must notify the seller of the findings. The seller shall then be obligated to refund the purchase price.

**OPTIONS AND PRIVILEGES OF RETURN OR ADJUSTMENT:**

The following adjustments do not preclude the right of the buyer and seller to mutually agree upon other terms and conditions for settlement of any dispute.

1. All claims for adjustment or refund must be made in writing either six (6) months from the date of sale or no later than when the animal reaches 24 months of age whichever occurs later, with the exception of claims involving misrepresentation of service sire or as otherwise provided herein.
2. In the event an animal is claimed to be a nonbreeder, the animal may be returned to the farm of the seller, at the buyer's expense, if in good physical condition, and the return is in compliance with the health requirements of the seller's state. The seller shall be entitled to a six (6) month trial period following the return of the animal in which to prove the animal is a breeder. If at the end of six (6) months the seller is unable to prove the animal is a breeder, the seller shall, at the option of buyer, replace the animal with another equal value or refund the purchase price. Either option shall be deemed full satisfaction and settlement.
3. If a female is sold as "safe in calf" to a given sire or sires on a specified date or dates and proves not to be as represented, the buyer is entitled to a refund of the purchase price from the seller upon return of the animal and resulting progeny thereof to the farm of the seller at the seller's expense.
4. If a female is sold as "open" and proves to be with calf at time of sale and examined pregnant within sixty (60) days after sale, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever acceptable to the buyer. It shall be the obligation of the seller to bear any expenses incurred for transportation of the animal in question to the farm of the seller.

**GENETIC TESTING AND TraitTrac STATUS:** Sellers must identify the TraitTrac status and the results of any qualitative genetic testing performed on any animals or genetic material offered for sale. The ASA considers it an unethical practice to misrepresent or fail to disclose the TraitTrac status or qualitative genetic test results of any animal or genetic material.

**DISCLOSURE OF MATERIAL INFORMATION:** Sellers must disclose all material information concerning any animal or genetic material offered for sale. For the purposes of these Sale Terms and Conditions, "Material Information" is defined as any information which would be likely to affect the value of the animal or genetic material if the information were known to the public. Material Information includes, but is not limited to, information related to genetic tests, blood tests, ultrasound pregnancy results, disease tests, pregnancy and fertility test results, information related to the sex and age of in utero calves or embryos, and information related to the fertilization status of in utero calves, including whether the calf was conceived via artificial insemination or natural service. The ASA considers it an unethical practice to misrepresent or fail to disclose any Material Information concerning an animal or genetic material offered for sale.

**LIMITATIONS OF OBLIGATIONS:** These sale terms and conditions constitute a binding legal obligation between the buyer and seller of any animal or genetic material sold under these terms and conditions. However, the ASA, its directors, officers, employees and agents do not assume any obligation, legal or otherwise, to enforce the sale terms and conditions agreed to between buyer and seller.
