HERD HEALTH

All cattle will have interstate health charts required for shipping into other sections of the United States. All Bred females will have been pregnancy examined.

SALE TERMS & CONDITIONS

All buyer numbers will only be issued with a valid ID and payment is due day of sale. DP Sales Management, LLC would appreciate timely settlement of receivables within 15 days of date of sale. Any person not complying with that guideline will be pursued legally. Cattle will not be transferred until paid for in full. Cattle will sell under Suggested Sale Terms and Conditions of the American Simmental Association

PURCHASER'S RISK

Each animal becomes the property of, and therefore the risk of the purchaser as soon as sold. It shall be the obligation of the seller to see that animals are fed and cared for (free of charge) until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs first.

INSURANCE

Insurance for your purchases will be available sale day at the clerk's desk through Jamie Secondino, American Livestock • 812-208-0956

ANNOUNCEMENTS

Announcements made from the auction block by the owners or the auctioneer will take precedence over statements in the sale catalog. We reserve the right to withdraw any sale lots not meeting our specifications prior to sale time

NOTE

All persons who attend the sale do so at their own risk. Neither the owners nor the sale manager assume liability legal or otherwise for any accidents or loss of property. As the sale manager, DP Sales Management is only an agent for the seller and has no responsibilities other than those involved in conducting the sale.

Welcome...

I would like to take this opportunity to welcome Simmental breeders and other interested cattle producers to the Virginia Simmental Association Sim Sensation sale at the Virginia Beef Expo. The Virginia Simmental Association works hard to host a great event for breeders from the state of Virginia as well as consignors and supporters from surrounding states. DP Sales Management is happy to once again be working with the consignors and officers of the association to make this event a success. The spring expo sales have been happening with great success throughout the Southeast. Make sure you mark your calendar to be with us in Harrisonburg on Friday at 3:00 to continue the spring sale season. Remember the sale is a different day and time this year so please be aware of this change made by the Va Beef Expo committee.

First off, we would like to take a moment on the 50th Anniversary of the Simmental breed to reflect on the genetics over the years that are Virginia bred and have made and are continuing to making a positive impact in the Simmental industry. The success of the B80, H25, Vidalia, VPI Pollyanna, Shes Savannah and others have had great success in the industry. Remember many past breeders were in the eastern states and the Virginia Association always has played a special in the growth of the breed. Thanks all the past buyers and we welcome anyone to share their success stories. The Virginia Simmental is under the leadership of President Chad Joines and he wants you to be a part of the association. It is a great time to be supportive of your state association and get involved with the whole family. We challenge you as parents to get your kids involved in the best junior program around. This state sponsored sale is a great event to get involved in and a great place to select Simmental and Sim Angus genetics. The highlight of the sale is the strong bull offering. Whether you are commercial or purebred breeder these bulls will fit your needs. We are pleased to work with Virginia Simmental and the Expo however welcome several new participants to this years sale. Come sale week and get to know all the consignors.

When making your travel plans, please take in all the events at the Virginia Beef Expo. Chad Joines President and the VSA officers are continuing to make positive changes in your association however it requires your involvement. This is always a great chance to fellowship with fellow Simmental breeders, learn about events happening in your association, and the cattle industry. As far as the sale offering goes, if DP Sales Management or any of the sale staff can be of service to you prior to the sale please do not hesitate to call. We look forward to seeing you in Harrisonburg on April 20th for the Sim Sensation sale. If you cant attend be sure bid online thru Cow Buyer. Remember trucking available anywhere.

Selling 3 embryos guaranteed one pregnancy if transferred by a certified technician. The mating that generated these embryos will take put you in the drivers seat. VPI Shesavannah B467 has become our new donor in the Virginia Tech herd and is making a name for herself as her mother did. This Top Grade daughter has a WW Ratio of 2 at 108 and a yearling weight ratio 2 at 107. Our decision to mate this female to the 2018 Denver Champion CDI Innovator was easy. The offspring will rank in the top 2% for WW, YW and Marb, top 4% for API and top 1% for TI. Don't miss this opportunity to by these leading genetics.

Selling 3 conventional embryos guarantee one pregnancy if work is performed by a certified embryologist.

Keepsake continues to keep her top spot as the lead donor because of her elite offspring by each mating. The mating to the Griswold herd sire could be the best yet. We have some of those calves on the ground and each one was the WOW factor. We are quite excited. Keepsake is bred well herself and claimed many honors herself however the real proof is her progeny. A daughter sold for \$20,000 at the North American and went on to win Reserve Division champion. The Ashorn family purchased a daughter at the Ohio Beef Expo and was a Texas winner. We expect great things from the On the Mark calves out of Keepsake.

Selling 3 conventional embryos guarantee one pregnancy if work is performed by a certified embryologist.

This cow topped the sale as a bred heifer in the VCCP Eastern Elite Production Sale at \$13,000. Her fist calf sired by Secret Weapon was grand enough to keep as a herd sire, with calves already on the ground out of this mating this should prove to be an absolute herd booster for your program. Look at her EPDs, she ranks in the top 20% in 7 different categories. Miss IRA will become a legend in her own time and this mating to JC Engineer just may boost her to the top!

2 sets of 3 embryos guaranteeing 1 pregnancy on each set if work is performed by a certified embryologist.

If you could see the fall and spring calves on the ground right now at Cook Show Cattle, you would buy these eggs at any price!! We have never been so excited about a group of calves out of one cow and so many different matings since we have been in the business. Sires represented include Primary Candidate, Blaze of Glory, Relentless, CCF Vison, and not including the pictured progeny from last year by Broker. We are honestly not convinced this cow can miss to any sire right now. Zoey was the high selling % Female a few years ago at Silver Towne Farms at \$18k and we think we absolutely stole her looking at the calves on the ground. Get ready to hear big things about her progeny this fall and realize why buying these eggs before the word gets out will be the soundest investment you will have made for years to come. Enjoy!

Selling 3 conventional embryos guarantee one pregnancy if work is performed by a certified embryologist.

SVS Spring Fever is a great young cow we purchased from Shenandoah Valley Simmental as a top selling cow. She made 27 embryos at first time flushed. She is very complete. She is long deep wide all put in a fancy package. Broadway works very well to make fancy heifers that work for the cowman. She is a maternal sister to the famed SVS Snickerdoodle who is the dam of the \$10,000 SVS King Pin.

Here is a package not to over look on sale day? Whether you are looking for a good productive cow or a genetic opportunity thru a pregnancy due in September this should be on your list. In the past couple year's we have offered Cowboy Cut daughters out of 9Y. They have sold well as young calves and made some junior members really happy and that is what this business is all about, the future of our industry. Cowboy Cut is still one of the breed leaders. The SimAngus cow bred by Blue Q is good individual and will be profit maker whether you bred her to the bull of your choice or utilize her for future embryo

A really nice, well balanced yearling heifer stacked with a pedigree for showing and then turning into a front pasture cow. A full sister was shown by a 9 year old first time junior at AJSA Eastern Regional, National and also at NAILE and did well. Her half sister, HS Royal Above won her junior class at NWSS in Denver, was champion Simmental Heifer and Reserve Supreme Champion at the Virginia Beef Expo, was Reserve Grand Champion junior division KILE in PA, and returned the following year as the Grand Champion Cow/Calf pair. This heifer is safe in calf to SVF/NJC Built Right bred on 12/26/17 due 10/5/18

B&B Cowboy is thick, deep, very docile yearling bull. He shows good bone structure, tracks well, and is homozygous polled. He also shows performance with a 205-day weaning weight of 804 pounds and has excellent EPDs. Cowboy is an embryo calf out of our donor JM Miss R11/FB/Y12 and sired by CCR Cowboy Cut. You don't want to miss the opportunity to own this young purebred Simmental bull. Look him up sale day!

Deer Creek Ms Dakota

This bull would work great on Angus cows and add some heterosis and performance to a set of calves. Additional benefit is that he is a black white face. He is higher than breed average on weaning and yearling and top 10% on ADG. He will add some style to your calves.

HS Cyclone C501 is a White face, stylish, homozygous black and homozygous polled bull that will work well on both purebred and commercial cattle. He is a super clean fronted, big stout footed bull with outstanding phenotype, plenty of depth, thickness and muscle on a moderate frame. He ranks in the top 1% for stayability as well as being a breed leader for disposition. This is the first time semen has been made available to the public.

We will be consigning in future sale however with limited numbers we able to this year however we wanted to contribute to the junior thru a semen donation. We purchased embryos from Clover Valley and ended up with a powerful herd bull, Velvet Cowboy. We have always admired the Spring Velvet cow and tried to purchase several daughters and sons. Study the EPDs and the quality on Velvet Cowboy. We like supporting the kids and we hope you will sample this young bull we are excited about. Velvet Cowboy is homo black and homo polled.

Consignor... Jones Simmentals
