Celebrating 10 YEARS OF SIMMENTALS

December 19th, 12:00 PM

All video sale at the Ramada Inn, Mitchell, SD
First off, we want to start by offering a big Thank You from DP Sales Management and the whole ASA and the juniors that attended the AJSA Jr Nationals in Brookings, South Dakota. With all the changes and restrictions we have been overwhelmed almost each day. The South Dakota Association and its members and volunteers stepped up at late date and did an outstanding hosting this junior event. I know you have heard before and yes we don’t want it to happen again, the facility staff, donors of time and money and the association another big thank you from all.

So the association along with DP Sales Management it should be an easy task to make the Source sale successful for the consignors and the buyers at this event. The 30 plus consignors have done their part by offering their best of their individual programs. We think most the time of a sale highlight, well view the catalog and on sale day this is a consistent set of sale cattle. Everything is a highlight and offers genetic merit. The sale includes strong genetic lots, opens to show or make your best cow or bred that will impress and bred to top bulls. The 2020 sale has a small group of top steer prospects.

I am a big component of state association sales so come and support as a member or even become a member. Kids get involved if you are not already showing or being a part of the AJSA. I encourage all breeders, juniors and all consignors to join us in Mitchell, SD on Dec.18th and 19th for sure it is going to a great couple of days. Plan to attend the annual meeting and banquet at the Ramada Inn in Mitchell on Friday night and share the stories of the past and talk about the future of our great breed of cattle. We promise along with the SD Association it will be a relaxed and fun event. The sale is Dec. 19th at the Ramada Inn. Remember to all consignors and buyers this will be an all video sale.

Please make it to all the events from the cattle on display, banquet, meeting and the sale. Contact any of the officers of the association for assistance. Remember how helpful they were at the Jr Nationals it will be no different sale weekend. If any of the DP Sales team can be of assistance call or text Drew, Holli or I. Trucking will be available to go anywhere so buyers on DV Auctions you will be take care of on this pre holiday sale. In this year of uncertainly please take advantage of the holidays include God and family. Have a Merry Christmas and Happy New Year.

On behalf of the SD Simmental Association, I invite you to Mitchell, SD Dec. 18th and 19th for our annual meeting and 10th Annual Source Sale! In a year that was a struggle, to say the least, the Simmental breed has shined! Great cattle put the Simmental breed at the forefront of the beef industry, but its the GREAT people that set us apart!

We invite everyone to come Friday the 18th for our annual meeting and banquet and be apart of great fellowship and recognition of a great year! Stay the night or come back Saturday for a great set cattle and genetic lots.

Juniors be sure to apply for the $500 heifer grant and HS seniors apply for the scholarships!

Merry Christmas and Happy New Year!  

Clay Purkey
SDSA President

• Guarantee 5 embryos with a maximum of 10 and split all embryos after. Buyer is responsible for expenses.
• Get it while it's hot. Here is the one and only opportunity to have a flush out of the 2020 Supreme Champion Heifer at the South Dakota State Fair. She is a very unique individual with having so much foot and bone yet being so flexible on the move and in her build. She's got the body and muscle mass while staying feminine and maternal in her body shape. It's hard to make Purebred Simmentals like her. She was Reserve Overall at the 2020 Iowa State Fair FFA Show and multiple times Champion Simmental heifer with top 5 finishes. We have very high hopes for her as a donor cow looking to produce elite bulls and females that can compete at the highest level. Not to mention her full sister brought $13,000 in October. You don't want to miss out on this once in a lifetime opportunity. Terms: She will be available to flush the first part of June. All of the flushing will be done by Vytelle through Rock Creek Embryonics in Mitchell, SD.

• Elaine and I have decided to offer pick of our 2019 born bred heifers in the 2020 South Dakota Source Sale. This group includes 27 bred females sired by CCR Boulder 1339A, TKCC Carver 65C, Ruby’s Turnpike 771E, TJ Diplomat 294D, Musgrave Stunner, SAV Rainmaster 654X and R&R Panther E771. They are AI bred to Stevenson Turning Point, Hook’s Eagle 6E, KBHR High Road E283 and SAV Rainmaster 654X. You are welcome to preview the heifers at the ranch prior to sale day. We will try to provide all the information we have to help with your decision-making process.

Family owned and operated for more than 100 years!
Worth the Wait is from a cow family that most people recognize especially the ones in South Dakota. ES 85 was bred in the Eichacker progeny and sold in 2014 sale for $22,000 to the 3C. When John offered his pick of the herd in the Denver sale HTP and partner selected half of two cows and A85 was one of them. G937 is an outstanding baldie and is definitely the right type and kind plus is homozygous polled and homozygous black. This one would be easy to keep. Ask Steve about this cow family he has sold many bulls and females out of this family line. Data Breach x Lock & Load x Duff Basic Instinct for great results for many years to come.

- **consignor** Hilltop Simmentals/HTP Simmentals

Not that we really want to give up a pregnancy it made since offering a top daughter to offer some more of ES A85 genetics. Ask Steve about the progeny our her dam X93. The Cowboy Logic is one to EPD purebred bulls in the breed being in the top 1% in many categories. His progeny is doing well. The mating of Cowboy Logic and the Lock N Load donor ES A85 will offer loads of genetic merit. Study the whole package. Due 2/22/21. The result will be homo polled and homo black as well.

- **consignor** Hilltop Simmentals/HTP Simmentals

I am glad that Doug called and asked me to consign to the Source. We like a lot breeders with things to do and sometimes have breds at different locations and plain not ready so we decided on this exciting lot. One thing we don’t flush many cows so Traxs Miss B479 is the real deal. This donor is the one we get excited about and know all her results will be at the top always no matter what the mating. You can chose between SAS Antidote and IPU 2Y Dillinger. B479 is dam of Traxs Red River which sold for 29,000 to Stangeland Simmentals and Traxs Big Dog which sold for 14,000 to Kunkel Simmentals. B479 is diluter free and tested homo polled.

One of the top proven red donors in our breed today is Red Jewel. Red Jewel daughters and grand daughters are among the elite with solid track records. The progeny are across the country working for many top programs. Please review her cow card and some of her top daughters. Quality and fertility is built into this family. Many progeny have sold in the $10,000 to $40,000 range. The embryo buyers have been super pleased with the success. Take your pick of sires and the number of eggs. In the Dakota Ladies sale at Hilltop a pregnancy sold for $7,500 and the top embryos were $1,150. All embryos sell with proper guarantees.

The homozygous black donor Jewel's Halo continues to excel however these two matings we feel this the best and greatest opportunity yet. I think most breeders know the quality of Ft Knox and wait for his impact and many years to come. The mating to Man of War should be a hit. Man of War is one the highest selling bulls ever in Canada. This War hero was produced in the respected Wheatland operation. Double Bar D will see loads of great in their program and across the country. Three embryos in each mating with the proper guarantees. See you in Mitchell.

• **consignor** Karie Simmental

---

The Stella donor is a great donor and daughter of Victoria. This line of genetics has produced many high sellers and champions. A grand daughter won the 2107 Jr Nationals and grand daughter is a donor for Hilbrands. The best is review the support photos of daughters by Milestone, Uprising, Executive Order, Chamberlain and Loaded Up. Selling IVF heifer embryos by Pay the Price and conventional by the Angus Surveillance. Performance and phenotype here.

• **consignor** R&V Simmentals
• ES A110 is currently the lead donor at Eichacker Simmentals. This blaze-faced female has proven herself year after year. In our past five bull sales she has had 10 sons average $8250. One of them, ES Right Time, purchased by CK Cattle is just starting to rise to the top with a daughter selling for $60,000 and several reports of some top-end bull prospects that will highlight bull sales this spring. Of our Lock N Load cows, A110, brings a little more of everything to the table…more power and performance, extremely sound footed with an excellent udder. She is very fertile with a great track record when it comes to producing embryos. The choice of five matings offers a unique opportunity to test the water on what we feel are some of the young rising stars in the Simmental Breed.
• consignor Eichacker Simmentals
Here is a daughter of the high selling cow C46 at the Walsh dispersal. WS Ms Pinnacle G2 is a red female easy to like because of her mass, wide base and spring of rib. This Pinnacle female will produce outstanding bulls and the keeper broody females. G2 was very popular at the sale just like her dam. That makes sense since her dam had produced two high selling bulls in Walsh bull sales. EPD wise this female is the top 2% for CE, top 1% for BW, top 3% for MCE and top 20% for API. We are offering three embryos out of the Werning bred bull Ft Knox. Our expectations are high so consider the overall package at the Source. They sell with all the proper guarantees.

- We purchased this Lock Down donor C46 at the Walsh dispersal as the high seller. This top brood has produced two big impact bulls that sold for $20,000 plus. We always pick the ones everyone else likes for some reason. C46 combines eye appeal with performance and overall completeness. Her genetics have been highly sought after on our sales since acquiring C46. We think offering embryos by W/C Fort Knox and CCR Cowboy Cut combine some of the very best phenotype and genotype in the Simmental breed.

- We believe HPF Lotsa Love B422 is just starting to leave her legacy. Out of the famous Right To Love female she is packed with pedigree and look! The last four females offered out of this cow have averaged well over $10,000. Add in the high caliber sire Ft Knox and we think you will have your high seller for your next sale or donor prospect for yourself. With the possibility of getting a red or black baldy we think this mating is going to be lights out. Not only that but we think so much of this mating this may be the only set we let go over the next 12 months. Bid fast and bid often on this no miss mating, you won’t be disappointed!

- This low birth weight heifer, out of a 2-year-old W/C Relentless daughter that is perfect udder, heavy milker, easy fleshing, and one of our best young females, is ultra-feminine combining volume, flawless balance, quiet nature, and soundness into one package. 083H is bred for success. Maternal granddam, Sedgwicks Erica U332 was the Grand Champion Owned Female at the 2010 Angus Junior Nationals and is still in production today passing on her youthful elegant looks and flawless udder to her offspring. This heifer has a bright future ahead of her.
  - **consignor** Ahlberg Cattle

- Sound structured, feminine designed, production oriented purebred heifer that will compete in the ring, and produce in the pasture. Many maternal sibs working in our herd that consistently get the job done each year  
- **consignor** Tostenson Family Cattle
Family relationships seem to get a little more complex in this day and age, and I guess this beautiful heifer is no different. The Albrecht Family in SD showed a baldy female from us a few years back to several top finishes, including Reserve Champion % Sim honors at the SD Summer Spotlight. That popular female was sired by "Payment Plan" and out of one of our powerful young cows C557. We kept back a maternal sister the following year and without any hesitation, bred her back to "Payment Plan" with hopes for a heifer calf just like this! Someone smarter than I am will have to tell me what we've got for a relationship between the two, but what I am smart enough to recognize is this female is awesome, and cut from the same cloth as her sister, aunt, 1/2 sib, or whatever you want to call it!

Here is an open female you don’t want to overlook on sale day. Princess H16’s dam is out of a full sister to W/C Ft Knox’s dam. Both the Dollys Princess and GW Miss GPRD 028X are awesome producers. This March female has the quality and pedigree to go a long way in anyone’s breeding program. H16 is homo polled.

Family relationships seems to get a little more complex in this day and age, and I guess this beautiful heifer is no different. Cow families build great females and this heifer is backed by one of our most consistent. Her maternal Granddam raised a Source Sale highlight a few years back that was campaigned successfully by Adam Eichacker. While the Bella female produced one of our high selling bulls this past March. When you couple that type of consistency into an attractive and powerfully made package it only enhances her future.

• Hope is an exciting purebred, sired by Empire. Hope has a rock solid pedigree to go with her awesome phenotype. We are bringing our best and think the potential for Hope is great. We will be retaining the right to a successful flush of at least 6 embryos at our expense and the buyers confidence in the future.

• Here is a younger female however one that we are fond of for sure. What would you expect from a Bankroll x Tanker. We purchased 3C Crocus 5621S out of the 3C cow sale. If you know John claims his best sire always seems to be the Tankers. This female is stout, wide based and has some performance. We are again glad to be a part of the Source sale.
  • consignor Heim Ranch
Sweet fronted, deep bellied, attractive made half blood heifer out of our new herd sire we call Reform. Younger aged heifer that checks a lot of boxes for the type we strive to produce.

**consignor** Tostenson Family Cattle

- Where to even start with this big beauty out of WC Relentless! She screams cow power/donor pen here I come. We love how this heifer is put together, massive rib, great feet, good bone, and as sound as they come. Pretty tough to find a hole in this one. Bred up to have a heifer calf due 2/24/21
  - *bred AI* to BSKF Steel Reserve (sexed heifer semen), ASA#3433390 on 5/15/20. Due 2/24/21
  - *consignor* Kasper Farm
I feel we are offering a nice of females at the Source sale. 902G is homo polled and homo black. This Kingsman daughter is out an excellent hard working Shear Force cow. 902G is the top 3% for weaning and the top 5% for YW and the top 1% for MWW. She will calve to No Worries in February.

- **bred AI** to K-Ler No Worries, ASA#2866310 on 4/25/20. Due 2/4/21
- **consignor** K-Ler Cattle Company

---

Rock solid female for your evaluation. G54 comes from a strong consistent cow family. Granddam is T60 and her dam C65 has been a stand out in production, including raising a member of 2019 National Western Stock Show Champion Pen of 5 bulls. Physically G54 is loaded with power and stands on an excellent hoof. Genetically she is a standout and her mating to the Genex Angus sire GAR Ashland proves to be very intriguing.

- **bred AI** to GAR Ashland, AAA#18217198 on 5/14/20. SAFE
- **consignor** Oak Meadow Farm Simmental

---

This is a powerhouse of a heifer packed into a more moderate frame. She’s big hipped, muscular, and smooth all around. Sired by Night Watch and out of a young cow who is proving to be a successful producer. Ultrasounded safe to Guardian on her AI date of 5/8/2020.

- **bred AI** to CLRS Guardian 317G, ASA#3563436 on 5/8/20. Due 2/17/21 with a heifer calf
- **consignor** Rocky Knoll Cattle
This Mainline female has been a performance standout since day one! STOUT! is the best way to describe her. Big footed, big ribbed and huge bodied, we think she will make awesome bulls and super females for the keeper pen. She stems from a solid cow family - her dam is a Yucatan x Ruby SWC Yetti. Yetti is, of course, a stalwart donor in the Ruby Cattle Co program. She's the dam to the famed Battle Cry herdsire that has done awesome things for them and others across the country. We thought breeding to Sniper is a complementary mating that’s pretty exciting! The Sniper cattle excelled on the Keller and Wilkinson production sales last spring.

- **bred AI** to KBHR Sniper E036, ASA#3312030 on 5/18/20. No bull exposure.
- **consignor** Double E Cattle Co.

Flashy, Feminine, and functional. This Night Watch heifer is sure to be a head turner. Out of an up and coming donor, she’s big ribbed while still remaining elegant in her shape, she’s light on her feet and has a sweet disposition. Ultrasound dated safe to Final Answer on her AI date of 5/8/20.

- **bred AI** to SAV Final Answer, ASA#2320695 on 5/8/20. Due 2/17/21
- **consignor** Rocky Knoll Cattle

• Barbie is a grand daughter of the donor 028X. The producing ability is strong and consistent. 44G is due app 3/26 to a son of SR Right Now, K Ler H2O Mr Right Now. (3783337) Barbie is homo black.

• pasture exposed to K-Ler H2O Mr. Right Now, ASA#3783337 5/26/20 to 7/17/20. Est calving 3/26/21

• consignor K-Ler Cattle Company

Queen is female easy to like with her overall completeness. 934G post some breed leading EPDs being in the Top 10% for WW, YW and MWW with a API of 147. Due February 4th.

• bred AI to K-Ler Franchise, ASA#3430423 on 4/25/20. Due 2/4/20

• consignor K-Ler Cattle Company

This larger framed High Regard heifer is out of our top donor cow and she could easily follow in her dam’s footprints. She’s long necked, big boned, and very sound on her feet. Take her any direction and she’ll succeed. Ultrasounded safe to Hustler on her AI date of 5/8/20.

• bred AI to ACC1 Hustler, ASA#2199574 on 5/8/20. Due 2/17/21 with a bull calf.

• consignor Rocky Knoll Cattle
This female is bred for balance. She is a super structured female that is built for the long haul. She is a “no holes” kind of a female that traces back to our Tulip donor female who did so much good for our program. For those looking for a different twist, study this one. Encore is proving to be one of Beacon’s top sons and this female is an example of that. We think her mating to Hook’s Eagle should be awesome. It will be a black calf that will be physically impressive with a stellar EPD and Index profile! Makes us wonder if we should be selling her. The opportunity is yours!

- **bred AI** to Hook’s Eagle, ASA#3253742, (sexed heifer semen) on 5/16/20. No bull exposure.
- **consignor** Double E Cattle Co.

---

This one will catch your eye. If you want to take and nice Simmy steer to the 2021 Jr Nationals in Grand Island then take this guy in serious consideration. Bankroll and Monopoly worked well together providing the balance and completeness combined with the muscle and overall style. This one will provide some fun and rewards.

- **consignor** RJ Cattle

---

JB3 Mr Buddy H03 is a March born steer with plenty of style. His sire, NLC Buddy 7338E which comes from the NLC ranch. This chromed up steer is square over his top, deep in his twist, with a big spring of rib, and covers his tracks.

- **consignor** JB3 Cattle
• This halfblood steer is out of our herd bull we bought from Sterling Kappes of Aberdeen, SD in 2019. He is big middle and heavy muscled. The word I would describe this steer is well balanced that will be easy feeding.
  • consignor Colin Geppert

• This On the Mark steer is a great fat steer prospect. His dam is a maternal sib to the 2015 Tulsa State Fair Champion Steer shown by the Tucker family of Oklahoma. This steer is a lot like his uncle. Tons of hair, great profiling, and a good feeding steer.
  • consignor Colin Geppert

• Square made, sound structured, deep sided steer that is the easy feeding kind that fits perfect in the breed shows. Calm and easy to be around. Young show kid deluxe!
  • consignor Tostenson Family Cattle

• This steer is super cool and neat made with a great profile. If you are in the market for a registered Simmy steer I feel this one can get banners. A highly competitive prospect.
