We start to get a bit repetitive in our footnotes when talking about Andie, but in her defense, she does it year after year and has proven to be deserving of the praise. She has produced multiple females that have won or been reserve at almost every national show in the country. She has produced multiple high sellers for both Wayward Hill Farm and Beshears Simmentals. She has a SAM daughter that is being campaigned by the Greiman family right now and has already been in the purple many times. We would be remiss if we did not mention her most famous daughter, WHF Summer, and the impact she has had on the breed with daughters and sons collecting banners at Kansas City and Louisville this year for JS Simmentals, Wayward Hill, and Sara Sullivan. Another daughter produced a bull that sold in Oklahoma for 165k half interest last year to Hilltop Simmentals. There is not much guesswork here. The Reckoning's out of Andie highlighted the female sale at \$16,000 and \$10,500 purchased by Cash Rumples and Buck Creek Ranch, and the best is still yet to come on the hot new herd sire, Greater Good.

In 2024 D13 struck again, twice, producing the Show Heifer of the Year in Tennessee for Emma Armstrong, and the Reserve Grand Female at the Illinois State Fair for the Dunn Family. Bramlet & Schaffer have done an awesome job breeding and promoting this cow before we got the chance to own her. Collecting many wins, including 2023 Indiana State Fair Top 5 Female, 2021 Reserve Champion Jr. Nationals, Supreme Female at KILE, Top 5 Female South Dakota State Fair. D13 is no one-hit wonder. We have waited patiently for D13 calves at our place. To say we are fired up to show off these heifers in the 2025 female sale is an understatement. Combining her presence with the 280k BOWJ MANIFEST or FRKG Classic could be one of the hottest tickets you CAN'T get your hands on in 2026.

True Love F789 was Champion Purebred at the 2019 Simmental Sweepstakes Show where she sold to the Sullivan family. True Love went on to be named Reserve Champion Purebred Heifer at the 2020 National Classic Simmental Show. Her calves at our place have been as advertised, great structured, deep-bodied, stout and fancy. This year at our annual Clear Choice Female sale, they averaged over \$6,000/head. BOWJ MANIFEST commanded 280K this year at Hartman's and was purchased by our good friend Dennis Moore. We loved the bone, shape, and eye appeal he possessed and immediately called Dennis to purchase semen. We think this mating is more compatible than peas and carrots and will pay dividends to the owner of these embryos.
